

FOR IMMEDIATE RELEASE

PRESS RELEASE #4-2009

SPECTEXT® FOR YOUR ALMA MATER!

November 1, 2009, Baltimore, MD –The Construction Sciences Research Foundation, Inc. will donate a complimentary SPECTEXT® Master Guide Specifications Library in your name to an accredited college or university offering a professional practices course which includes specification writing!

The Construction Sciences Research Foundation, Inc., a non-profit 501(c)6 research foundation, is dedicated to furthering education in the field of specification writing. As part of an ongoing effort to educate architectural and engineering students about the specification process, CSRF began a program in 2002 to provide colleges and universities with the materials they need to incorporate specification writing practices into their curriculum. Complimentary educational subscriptions are available in both Architectural and Engineering disciplines.

All you need to do is provide the name of the appropriate instructor or department chair, along with a complete address of the college or university, to the SPECTEXT® Support Center, at supportcenter@csrf.org. Your contact will receive a description of the Educational License Subscription program, an Educator/Course Survey, an Order Form, and an Educational License Agreement. Along with their complimentary SPECTEXT® library, your Alma Mater will receive a certificate acknowledging you as the sponsor for this contribution. A similar certificate will be sent to you.

Following is a list some of the educational facilities currently using SPECTEXT® in their curriculum:

Albuquerque Technical Vocational Institute	New York Polytechnic University
Boston College	Perdue University of Indiana, School of Engineering & Technology
California Polytechnic State University	Stanford University
California State University, Fresno	Texas Southern University
Delaware Technical Community College	Universidad de Puerto Rico Escuela de Arquitectura
